Incorporated in 1965 Featherlite is one of the leading furniture manufacturing organization in India today, providing complete office furniture solutions for all segments of the market through its strong base of direct and franchisee offices present across 62 locations in India.

Featherlite Core expertise lies in manufacturing and marketing extremely innovative, cost effective and customized office furniture such as modular work stations, chairs, partitions, desks, conference tables, educational, laboratory, retail furniture, soft seating and fixtures.

Featherlite has demonstrated Execution of mega and multi location projects without compromising on requirements of the customers. The company manufactures more than 50,000 chairs and 12,000 workstations in a month. Operating from factory space spanning more than 3 lakh sq. feet, the company has over 10,000 esteemed customers pan India including giants like Aster Hospital, Sparsh Hospital, Silvasa Medical college, AIMS, KIMS, Apollo Hospital, Fortis and Manipal Hospitals etc.

**At Midmark India,**  
we believe that who's using our products  
is every bit as important as how and why  
it's being used.

## WHO WE ARE

We are the only clinical environmental design company that enables a better care experience at the point of care.

## HOW WE DO THIS

Through the harmonization of space, technology, products and workflows for caregivers and patients at the point of care. This is meaningful because better care environments contribute to better outcomes for all.

## WHAT WE BELIEVE

Better care doesn't happen by chance—it happens by design. Design that takes into account not just the space, but the purpose of the space. Design that takes into consideration not just the workflow, but the people working in it. Design that takes the elevation of care for patient to an entirely new level.

## CAREERS

At Midmark India, every individual can make a difference. Join us on our journey to enrich the point of care experience.

WITH HIGH DESK

The Genesis POD creates a bohemian environment and a casual perception of a work environment while catalysing employee efficiency and productivity. It is a micro office that is less expensive than traditional offices, allowing more people to fit into a smaller space.

3 seater comfortable sofas on either side of a centre table are enclosed by specially designed sound absorbing acoustic walls. The POD is fitted with multiple charging points making it an ideal discussion or conference space that utilises light and ventilation from its surroundings.

A high quality, versatile, tile based office system that is designed to deliver high levels of productivity. Neo workstations provide employees adequately private individual spaces with modern, customisable aesthetics. Neo brings together elements of simplicity and functionality to generate a positive and creative workspace. The office space can be configured, as required, to incorporate open or semi-private areas that foster dialogues.

Float redefines modern design in the workplace. With smooth anodised aluminium that blends seamlessly into steel, wood and high strength polycarbonate, it is one continuous structure where form and function combine to work perfectly.

Switch workstations are designed to address the evolving workspace requirements across private and open-plan office environments. Designed to aesthetically appeal while providing optimal efficiency through its compatibility and configurations, Switch workstations are here to cater to the ever evolving work space requirements.
